***“We have found the wellspring of the genesis of the global AIDS pandemic: It is our nation state . . . it is us.”***

**Boyd E. Graves, J.D.**

As America celebrates the 225th Anniversary of the greatest democracy in the world, author Boyd E. Graves, J.D. exposes the shocking evidence of a century long national obsession with ethnic genocide. Rationalized by the economics of population policy, legalized by Congress, and fueled by pharmaceutical greed, Dr. Graves outlines the experiments, contracts, and public policies which manufactured and proliferated the AIDS virus by government contracted laboratories. Author Boyd Ed Graves has spent the last ten years tracking the origins of AIDS through a densely-covered propaganda trail of the highest deception.

Dr. Graves’ work offers the world a look behind the AIDS curtain, and offers our generation the first real opportunity to close the darkest chapter in human history. As evidence, Dr. Graves provides the irrefutable “missing link,” the AIDS research logic Flow Chart. It is the linkage of over 20,000 scientific papers which conclusively proves a “candidate” virus was developed and mass produced.

The “creation”, “production”, and “proliferation” of AIDS is the ultimate assault on a social fabric woven in democracy. Here, Boyd Ed Graves shares some of the court documents and correspondence in response to the world’s most deadly ethnic cleansing experiment. His 1999 Flow Chart discovery has been authenticated by medical and scientific doctors around the world. The critical insights now being unlocked by the thirty year old secret U.S. AIDS

Flow Chart, have firmly established the genocide blue print as “the greatest document find of the century.” The shocking conclusions of Dr. Graves’ research has resulted in the landmark case seeking Global AIDS Apology. Boyd E. Graves vs. The President of the United States, et al. United States Supreme Court Case No. 00-9587.

“State Origin: The Evidence of the Laboratory Birth of AIDS” should be required reading for the world to ensure we establish a firm foundation, to never again allow the greatest democracy in the history of the world another opportunity to masquerade.

The AIDS holocaust has an activist, it is Boyd Ed Graves and this is his story.
